Interest rates are variable and correct at time of going to print

Annual Equivalent Rate provides a means of comparing interest rates by showing what the rate would be if interest was paid and added once a year.

* All ISA interest is paid tax-free, which means it's exempt from income tax. We pay all non ISA savings interest gross, which means no tax is deducted. It's your responsibility to pay any tax due, based on your individual circumstances. Tax rules may change in future.

** Please refer to the SIPP leaflet for further information regarding interest rates, you can find this at

Tariff of charges

Special services

The following services are available on all our savings accounts and are provided in addition to the normal use of an account. When you request a special service we'll tell you of any charge due. You can pay for these charges from your Ecology savings account.

CHAPS transfers

£25

A fee is payable where it is essential to transfer funds directly to any other bank or building society in the UK on the same day.

Stopped cheques

We'll charge this if you withdraw money from your savings account by cheque, and you need us to put a stop on it. This might be because it's lost, stolen or destroyed. If this happens we'll issue a new cheque to the original payee.

Charges

If we introduce or increase a charge relating to the day-to-day running of your account, we will give you at least 30 days' written notice before the change comes into effect. Where the charge does not relate to the day-to-day running of your account, we will tell you about the change on our website at least 30 days before the change takes effect.

For electronic withdrawals from your account, where we introduce new or change existing charges we will give you at least two months' written notice before the change comes into effect.

It is possible that taxes and costs may exist that are not paid via or by us.
